

TRADE GLOBAL LIMITED

TRADING POLICY

We supply to genuine trade customers only.

You must be a registered business with business premises.

Regrettably we are unable to provide credit facility to supply web based businesses, party plan, market stalls, craft stalls or home based interior designers, builders (sole trader), P O Box addresses, holiday homes, estate agents and other non relevant trades. We can cater to these customers based on direct debit payments upfront before delivery of goods.

To open an account we ask you to supply two proofs of trade. This can be made up of the following: a relevant supplier's invoice, business chequebook, letterhead, business rates or bank letter.

We reserve the right to refuse any account if we feel that it is not a genuine trade account and/or it may affect an existing customer's business.

Please note when visiting our showroom that we can only allow two persons visiting within a party. Due to the nature of our business, no children under 14 years of age are allowed in our warehouse.
